

EDMONDSTOWN NATIONAL SCHOOL

10/10/2013

Dear Parents,

Once again this year we are taking part in the Text-a-Parent project, and I am requesting your co-operation. The service allows the school to keep parents informed of key information through texting a nominated number(s). The service was a huge success last year. It also reduces the need for photocopying – however important notices will be still brought to your attention by typed memo. There is no charge for receiving the text messages. I would ask that the parents involved in the scheme last year please re-submit their details below. This will allow the school secretary to create a unique data base for this year.

Many thanks,

Sinéad Nic Aindriú
